A dark-colored car is parked on the right side of a winding asphalt road. The sun is low on the horizon, creating a strong lens flare and casting a warm, golden glow over the scene. The background features a steep, grassy hill under a cloudy sky. The car's side mirror and part of its body are visible in the foreground.

Introduction to Autos MEA

Autos Middle East and Africa is a portal dedicated to the automotive industry in the region. The portal is run and published by Zarks Media, a well established media company, based out of Dubai, UAE. Autos MEA is aimed at car enthusiasts and users. The portal has been designed to be a rich reference for anyone looking into the world of cars. The portal covers news, reviews, previews, hands-on, videos, opinions, stories and so much more. We also cover local, regional and global news from the automotive industry. The portal also covers various launch events and exhibitions, races, and so on. Autos MEA also tests various vehicles that are being launched in the region. We also provide car users with various tips that include information related to car maintenance and driving. The goal is to educate the user and general awareness. We also have a section called “My Car, My Story” wherein we share the opinions of the users about the cars they drive.
